Personal Profile

I am a keen, kind and conscientious individual with an outgoing personality. I work well on my and also as a valued member of a team. I communicate well with others and am able to work with people of any age or background. I can take responsibility for all my actions and am able to use my own initiative. I have a broad range of skills that I am often called upon to use through both work and at university. I am always determined and am constantly seeking to further my knowledge in all areas, not just computing.

Technical Skills

I have a vast knowledge of IT skills including: -

Software: MS Dos and Windows operating systems, Small Business Server 2000 / 2003, Mac OS, Red Hat Linux AS 2.1, 9 and 7.2, Sun Solaris, Microsoft Office 97 – 2003 including advanced use of Excel and Access, Apache and IIS Web Servers, Oracle, Photoshop, Dreamweaver, Fireworks, Flash and Director.

Programming Languages / Concepts: Borland Delphi, Pascal, C, Visual Basic, HTML, Java, PHP, JavaScript, SQL, Perl CGI Scripting and ASP.

Hardware: Specify, diagnose, repair, build and upgrade to a variety of computer systems and components, including: Itanium I & II, Xeon, all versions of Pentium & Centrino based systems and servers, RAID, Gigabit and Wireless networking.

Other: Server configuration and customisation, including DHCP, Routing, Email and File Sharing on both Red Hat Linux and Windows 2000 / 2003 Server. Routine System Backups and system imaging, File retrieval and migration. IP Addressing.
